Thursday: Noon to 8:00 p.m.

Sunday: Closed

The Somerville-Fayette County Library is a full-service, government funded facility open to all Fayette County residents.

The institution offers reference and research as well as current, popular materials for both adults and children in print and audio-visual formats. Books not in our collection can be procured through Inter-library loan.

There is a large staff-assisted genealogy department which includes all county records, old newspapers, civil war enlistments, diaries, and family Bible records.

The library provides free internet access, story hours, summer reading activities for children, and a community room available for use by non-profit organizations.
